EXTENDED EDUCATION INTENSIVE PROGRAMMING

A year of Canadian living,
learning, and working:
Gain a world of
experience in Manitoba

#UMLearnInCanada

OUR POST GRADUATION PROGRAMMING

Applied Professional Programming with Extended Education at the University of Manitoba offers 12-month intensive and industry-focused programming packages. You will earn a certificate in your chosen field and a Letter of Accomplishment (LOA) in Career Preparation. Your academic experience includes a five-week industry placement and ongoing academic language support. Throughout your three terms with Extended Education, you will develop the skills that Canadian employers are looking for. You will work with our experienced instructors and staff, both one-on-one and in groups, to determine and attain your academic and professional goals. Gain a world of experience with Extended Education at the University of Manitoba.

Applied Human Resource Management

Start Dates: September, January, May

Length: 12 Months, full time, 3 terms

Description:

The field of Human Resources provides exciting career choices. Responsibilities of professionals in this field include attracting, motivating and retaining the most important asset of an organization — its employees. Human Resources is often seen as the link between an organization's management and its employees and provides the knowledge, tools and employee services that make an organization a positive workplace.

Credentials Awarded:

- Certificate in Human Resource Management
- Letter of Accomplishment (LOA) in Career Preparation from the University of Manitoba
- May also be eligible for waiving the National Knowledge Exam for the Chartered Professional in Human Resources (CPHR) designation.

Potential Careers:

- Human Resource Generalist
- Human Resource Manager
- Benefits/Payroll Administrator
- Training and Development Officer
- Talent Management Specialist
- Labour Relations Specialist

Applied Business Analysis

Start Dates: September, January, May

Length: 12 Months, full time, 3 terms

Description:

Business analysis is one of Canada's top in-demand jobs in a growing profession. Learn the industry's skills, knowledge, and tasks as you prepare for a career in the Canadian workplace. Today's business analyst enables change in businesses and organizations, by defining needs and recommending solutions that deliver value to stakeholders. Identify business needs and facilitate effective solutions using the tools and techniques of business analysis, with the Business Analysis Book of Knowledge (BABOK) as your textbook, and experienced business analysts to guide you. Be better prepared to write IIBA certification exams and find professional success. Comprehensive training is combined with targeted language support and industry experience.

Credentials Awarded:

- Certificate in Business Analysis
- Career Preparation Letter of Accomplishment (LOA) from the University of Manitoba
- Eligibility for an additional credential from the International Institute of Business Analysis (IIBA)

Potential Careers:

- Business Analyst
- Project Coordinator/Analyst
- Admin to a CIO, CTO or Other Tech Executive
- Marketing Analyst
- Sales Analyst
- Operations Analyst
- Reporting Analyst
- Customer Service or Technical Support
- Subject Matter Expert
- Business Manager
- Technical Writer
