St. Lawrence College

THIS IS THE START OF SOMETHING BIG

WE HAVE WHAT YOU NEED TO SUCCEED:

- Study and work in Canada
- Innovative and practical programs
- Safe, student-friendly communities
- High graduate employment rates

St. Lawrence College

WHY SLC?

Achieve your higher education dreams!

We can help you acquire the knowledge, practical skills and confidence necessary to succeed. With over 70 academic programs, experienced faculty and three modern campuses, St. Lawrence College (SLC) is the perfect choice to make your dreams a reality.

Canada is a safe, welcoming, multicultural country where you can study and work. Located in three Eastern Ontario cities, just across the St. Lawrence River from the United States of America, our communities offer an impressive selection of international restaurants, events and social clubs. We have everything you need to be successful and we look forward to welcoming you!

OUR PROGRAMS INCLUDE:

- English as a Second Language (ESL)
- One-year certificate programs
- Two-year diploma programs
- Three-year advanced diploma programs
- Four-year Bachelor's degree programs
- One- and two-year graduate certificate programs

DISCOVER WHY ST. LAWRENCE COLLEGE IS YOUR BEST OPTION:

- The high quality of Canadian education is recognized around the world
- High graduate employment rate (89.7%, 2018) and career employment assistance
- Opportunity to work in Canada during your program and after graduation
- Canada is a safe, welcoming, multicultural country
- Our three campuses are in vibrant, student-friendly cities near Toronto, Montreal and Ottawa
- Small class sizes and hands-on delivery by faculty with industry experience
- Modern classrooms, laboratories, libraries, on-campus dormitories, cafeterias, and sports and leisure facilities
- International student services including international student advisors, language support, housing assistance and assistance with transitioning to life in Canada

OUR KEY PERFORMANCE INDICATORS (2017-18) GIVE SLC TOP MARKS:
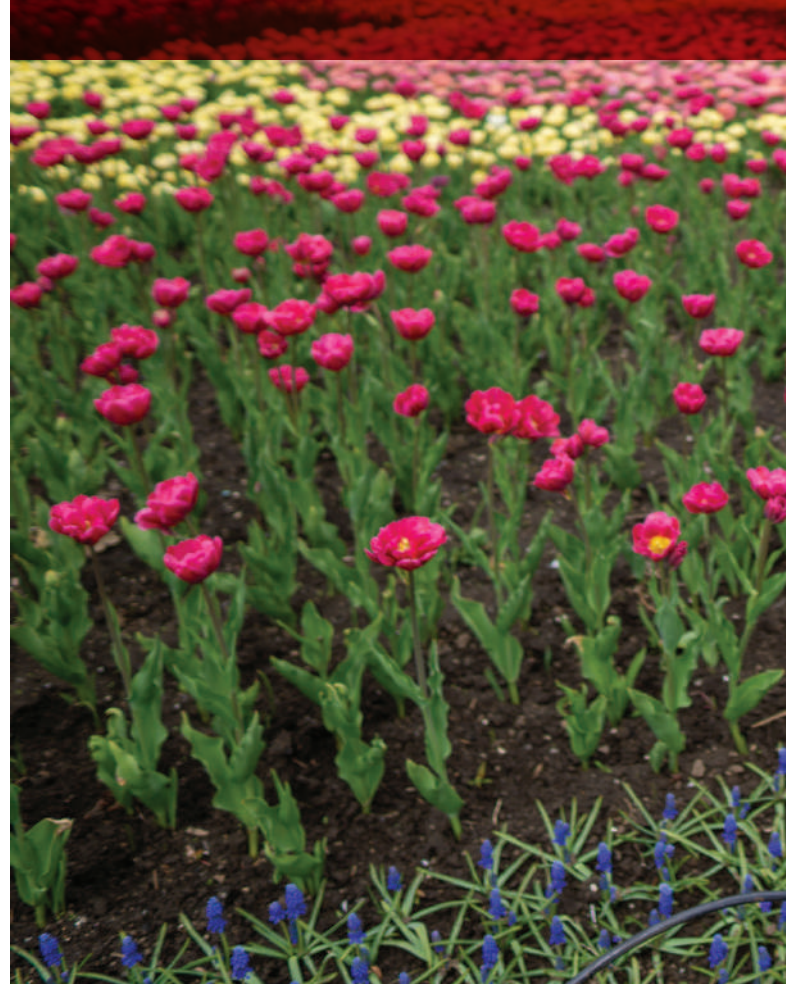

89.7% GRADUATE EMPLOYMENT RATE

85.1% GRADUATE SATISFACTION RATE

89.2% EMPLOYER SATISFACTION RATE

75.5% STUDENT SATISFACTION RATE

72.9% GRADUATION RATE

Special thanks to Gilberto Joma for photo contibutions

> **Studying at St. Lawrence college has been an amazing experience! The supportive and friendly environment of the college has encouraged me to learn, grow and have new experiences in a new country. The staff is tremendously supportive, dedicated and is always accessible — be it to provide academic support or lend a sympathetic ear.**

Shehlanoor Saiyed, India
Health Care Administration

> **My experience here at SLC couldn't be better, not only because I get to experience the amazing Canadian educational system, but also because I get to meet friends from all over the world and learn from their culture. I've made so many good friends as a result of getting involved with the college and the community.**

Gilberto Joma, El Salvador
Energy Systems Engineering
Technician

OUR COMMUNITIES

Our three college campuses are located in mid-size communities which are safe, friendly and affordable. Beautiful waterfront locations offer outdoor activities and urban amenities for an active student lifestyle.

KINGSTON

A true student city; enjoy the energetic vibe that thousands of students from St. Lawrence College, Queen's University, and Royal Military College bring to the city.

CITY HIGHLIGHTS

Take advantage of Kingston's thriving downtown core and the many activities the city has to offer:

• Vibrant downtown night life, music scene, and great local festivals
• Named one of the best cities in Canada for young and talented workers by multiple national publications
• Kingston is home to over 30,000 students coming from all over the world
• Kingston is the eighth best city in Canada for millennials to live (Source: Point2Homes, Jan 2018)
• Beautiful Lake Ontario Park with waterfront trails and greenspace
• Concerts & sports at the Leon's Centre
• Skating and Sunday markets in Springer Market Square
• Enjoy the new sand beach at Breakwater Park and the Gord Edgar Downie Pier

CAMPUS HIGHLIGHTS

• Brand new 80,000-square foot Student Life and Innovation Centre, featuring St. Larry's Pub, open courtyard, student study and social gathering spaces, upgraded fitness facilities, double gym, and outdoor atrium and deck.
• Newly renovated Health Care Simulation Labs
• Beautifully renovated cafeteria, including Tim Horton's, Pita Pit, and Papa John's Pizza
• Newly renovated Student Services and Davies Hall study area, including state-of-the-art group study rooms with SMART Boards
• Essence – incredible gourmet meals at the dining room run by culinary students on campus
• Dynamic Designs Salon – haircuts and colour and a wide range of esthetic services by Hairstyling and Esthetician students at budget-friendly prices
• Kingston transit pass included in your tuition fees
• 16-minute bus ride to great shopping and restaurants downtown

BROCKVILLE

Located in the world-famous 1000 Islands region, SLC's Brockville campus offers a beautiful, small-town atmosphere in a close-knit community. With a café-style student commons, a large student lounge, and a brand new library learning commons, the Brockville campus offers plenty of space for students to study, relax, and spend time with friends.

CITY HIGHLIGHTS

Brockville is a city with a beautifully preserved historic downtown core and many world-class attractions on its doorstep:

• 1000 Islands boat tours to Boldt Castle and Singer Castle
• Aquatarium at Tall Ships Landing
• Brockville Arts Centre – concerts, live comedy, and live theatre productions by SLC's Music Theatre students
• Brockville Railway Tunnel - Canada's oldest tunnel
• Restaurants and pubs in the downtown core
• 10 minutes from Skywood Eco Adventure Park
• St. Lawrence Park beach area
• Annual events – RibFest, 1000 Islands Hydroplane Regatta, and the Winter Classic

CAMPUS HIGHLIGHTS

• Upgrades to academic spaces including the library featuring quiet study space, computers, group study rooms with SMART Boards, and Health Care Simulation Labs with high-fidelity manikins
• A $1-million investment in student financial aid
• Evergreen Fund to constantly upgrade technology and instructional equipment
• The Marianne van Silfhout Gallery, a state-of-the-art community gallery on campus, featuring art exhibitions by local, Canadian, and international artists
• Newly renovated cafeteria with Pita Pit
• Recently updated fitness centre with cardio and weight room
• Transitions Salon – haircuts and colour by Hairstyling students at budget-friendly prices
• Access to the city's Brock Trail walking and bicycle path, which runs through campus

CORNWALL

SLC's Cornwall campus is located in a picturesque setting on the shores of the St. Lawrence River and students can enjoy studying or lounging by the river and water views from the library, residence, and many classrooms.

CITY HIGHLIGHTS

The city of Cornwall offers students more than 40 parks to enjoy and numerous recreational activities:

• Berry or apple picking at Avonmore Berry Farm or Marlin Orchard & Garden Centre
• Concerts on campus at Aultsville Theatre
• Long Sault Parkway
• Public skating or hockey games at the Civic Complex or the Benson Centre
• Rush Hour Escapes Cornwall
• Stock car racing at Cornwall Motor Speedway
• Watch a movie at The Port Theatre
• A bridge crossing to the USA - travel to another country in 10 minutes
• Annual events – Glengarry Highland Games, Williamstown Fair, South Dundas Tubie Festival, Raisin River Canoe Race

CAMPUS HIGHLIGHTS

• Upgrades to academic spaces including the beautifully renovated library learning commons, featuring river views, computers, quiet study space, group study rooms with SMART Boards and newly renovated Health Care Simulation Labs with high-fidelity manikins
• Residence attached to campus – no walking outside to get to class in the winter!
• Warm and welcoming cafeteria with Pita Pit
• Excellent athletic facilities, including cardio room, weight room, and gymnasium
• Access to the city's 40-km walking and bicycle path, which runs through campus

WHY STUDY ENGLISH AT SLC?

PROGRAM STRUCTURE

ESL PRE-ACADEMIC LEVEL 1: PRE-INTERMEDIATE
Focus on everyday topics and enhance listening, speaking, reading, and writing skills.

ESL PRE-ACADEMIC LEVEL 2: INTERMEDIATE
Build vocabulary and practice all skills in preparation for advanced level.

GAS – EAP LEVEL 3: ADVANCED
Increase academic vocabulary and practice all skills to prepare for academic programs. Upon successful completion, receive a Statement of Achievement.

GAS – EAP LEVEL 4: ADVANCED PLUS
Focus on English for academic purposes, using integrated curriculum while studying credit courses. Upon successful completion, receive an Ontario College Certificate.

Strong English skills are the foundation for your academic and career success. St. Lawrence College provides two English learning programs with a total of four levels. Applicants may start at different levels, based on proficiency. The programs offer an enriching English experience with authentic readings, audio and video segments, activities and exercises designed to build vocabulary, text comprehension and pronunciation. There will also be opportunities to learn about Canadian culture through meaningful experiences in the community, including field trips to various historical and cultural sites.

With an overall grade of 70% +

ONE-YEAR CERTIFICATE (PG. 8)

TWO OR THREE-YEAR DIPLOMA PROGRAM (PG. 10)

FOUR-YEAR BACHELOR'S DEGREE PROGRAM (PG. 13)

POST-GRADUATE PROGRAMS (PG. 13)

PLACEMENT

You will take a mandatory placement test to determine your level once you arrive in Canada. No prior testing is required to register in the English as a Second Language Pre-Academic (ESL) or General Arts and Science - English for Academic Purposes (GAS-EAP) (details on page 13). However, if you have done an international English test, your score will be used for placement. Please provide the test score with your application. The table below lists the entrance requirement for each level. To estimate your level go to the self-assessment tool at **learnatslc.com/esl**.

	St. Lawrence College Placement	IELTS*	TOEFL iBT	TOEIC	CLB (Completed)
Pre-Intermediate	30	3.0	30-40	250	3-4
Intermediate	50	4.0	41-52	405	4-5
Advanced	60	5.0	53-64	600	5-6
Advanced Plus	70	5.5	64-77	700	6-7

*IELTS scores indicate a minimum for each band

FEATURES

ACADEMIC CREDITS WHILE STUDYING ENGLISH
- Once you reach the Advanced Plus level, you earn academic credits that can be transferred to your studies at the college.

SMALL CLASSES AND TUTORIALS
- Our classes are small (approximately 20 students) and dynamic. There are also tutorials where you can practice more and get one-on-one help.

NO TOEFL OR IELTS REQUIRED
- When you finish the Advanced or Advanced Plus, you will have successfully met the language proficiency requirement for admission into post-secondary programs at the college. No further testing is required.

EXPERIENCED PROFESSORS
- All of our teachers have formal qualifications teaching English as a second language and years of teaching experience in Canada and abroad.

TUITION

TUITION FEES*:   **Level 1 & 2 $6,057**
                     Level 3 & 4 $6,830
                   *Fees are indicated in Canadian dollars and are subject to change without notice.

HOUSING AND SETTLEMENT SERVICES

You are part of the SLC family as soon as you arrive. Our New Student Arrivals Team will assist you with **arrival information and accommodation details** to get you settled into your new home quick. (newstudentarrivals@sl.on.ca)

ONE-YEAR CERTIFICATE PROGRAMS

APPLIED ARTS

General Arts & Science Certificate - General Studies Stream **K** **B** **C**
Explore your interests and prepare for the workforce by developing a set of core employment skills in courses tailored to your preference or prepare yourself for future post-secondary study in this one-year certificate program. (Code 0478)

Media Arts Fundamentals **K**
Explore the exciting variety of disciplines and careers in media, design, and the arts. A variety of media arts electives allow students to earn credits toward specialized two- and three-year diploma programs in Graphic Design, Visual & Creative Arts – Fine Arts, Music and Digital Media, Advertising and Marketing Communications, and General Arts and Science. (Code 0981)

BUSINESS

Business Fundamentals **K** **B** **C**
This program serves as the first year for the Business Core diplomas—Business, Accounting, Human Resources, and Marketing—and graduates can choose to pursue one of these diplomas or use their Business Fundamentals certificate as a foundation for other programs of study or their career. (Code: 0973)

Office Administration - General **K** **B** ✓
Gain competitive and marketable skills related to office employment by studying communications, office procedures, a variety of computer applications and bookkeeping. Includes work placement. (Code: 0620)

COMMUNITY SERVICES

General Arts & Science Certificate - Social Sciences Stream **K** **C**
This program provides foundational knowledge that is directly transferable to programs such as Social Service Worker and Child and Youth Care. If interested in other programs upon completion, contact the General Arts and Science program coordinator for additional course requirements. (Code: 0478SS)

Pre-Service Firefighter Education & Training **B**
Following the National Fire Protection Association (NFPA) 1001 Firefighter I & II standard, NPFA 1072, NFPA 1035 and NPFA 1006 (Chapter 5) this program blends theory, lab practice, and field experience. Students will be expected to perform fire related duties at a considerable height or in very confined spaces to prepare for entry into the firefighting profession. A firefighter training tower on campus provides the opportunity to gain practical skills. (Code: 1011)

COMPUTER AND ENGINEERING TECHNOLOGY

General Arts & Science Certificate - Technology Stream **K** **C**
The courses in this one-year program provide the foundation required for engineering technology programs. Ideal for students who wish to move on to applied computing programs. (Code: 0478TE)

HEALTH AND SCIENCE

Medical Laboratory Assistant/Technician **K** ✓
Important members of the health care team, they interact directly with patients, and perform ECG's and collect blood samples for laboratory analysis. Inside the lab they assist other professionals by sorting and preparing samples for testing, operating lab equipment, performing basic lab testing, under supervision, and managing data in computers. This program includes two semesters of in-class/lab learning followed by 4 weeks of field placement. Graduates are qualified to write the Medical Laboratory Professionals' Association of Ontario (MLPAO) and the Canadian Society for Medical Laboratory Science (CSMLS) certification exams. (Code: 0734)

Personal Support Worker **K** **B** **C** ✓
PSW certificate graduates provide valuable support services to individuals and their families in a wide variety of health care settings. Students learn the theory behind care, practice in two lab settings (hospital and a community apartment simulation) and apply the skills learned in four different clinical field placements. (Code: 1032)

Pre-Health Sciences Pathway to Advanced Diplomas and Degrees **K** **B** **C**
This program provides the academic background for admission to advanced diploma and baccalaureate programs in health sciences. Qualified graduates may pursue a Bachelor of Health Sciences (Honours) at Queen's University and will receive credit for four courses (12 units) toward the degree. (Code: 1094)

Pre-Health Sciences Pathway to Certificates and Diplomas **K** **C**
The one-year certificate program prepares individuals for successful admission in certificate and diploma-level Health Sciences programs and other post-secondary studies. (Code: 1093)

SKILLED TRADES

Culinary Skills **K**
Students learn entry-level aspects of food production, basic nutrition, kitchen management, and fundamental food and labour controls. Students who successfully complete this program are eligible to return to the second year of the Culinary Management program is they choose. (Code: 1004)

General Arts & Science Certificate - Pre-Trades Stream **K** **C**
Are you interested in the Skilled Trades, but not sure which one to choose? This foundational one-year program will help you explore a variety of skilled trades while you also build broad skills that apply to the workplace. This program focuses on Bricklaying/Masonry, Plumbing, Electrical, Carpentry, and Mechanical trades. (Code: 0478RD)

General Construction Carpentry Techniques **C**
This program allows you to build a new structure or renovate an old one. Emphasis on carpentry skills from base footings to framing, interior and exterior finishing, and fine finishing techniques. Building and installation techniques taught through hands-on construction activities. (Code: 1071)

CAREER AND EMPLOYMENT SUPPORT SERVICES AVAILABLE

Career services has the tools you need to present **a professional and polished first-impression** when you begin your career search.

K Kingston Campus   **B** Brockville Campus   **C** Cornwall Campus   ✓ Work Placement

"

At St. Lawrence College I am able to express myself as a student, to build networks and connect with people. Being away from my family can be hard, but I know that I will always have the amazing friends that have become my family and the St. Lawrence College staff that is always here to support me.

Beatriz Alves Brandão, Brazil
Biotechnology Advanced

TWO-YEAR DIPLOMA PROGRAMS

APPLIED ARTS

Fine Arts: Visual & Creative Arts 🅱
Showcase your artwork and polish your curatorial practices in one of four exhibition spaces on campus, that includes a graduate exhibition in the Marianne van Silfhout Gallery. Combine theory and studio practices in a variety of areas within visual arts such as art history, painting, drawing, mixed media, printmaking, digital photography, business of art, and more. (Code: 1038)

General Arts and Science Diploma 🄺🅱🄲
Engage a broad spectrum of liberal arts foundational learning in this multidisciplinary program. Prepare for the workforce or further post-secondary studies. Transfer options are available to graduates. (Code: 0550)

Music & Digital Media 🄺
Using an integrated arts approach, MDM connects music to other artistic disciplines, enhancing students' development as musicians and as flexible professionals in the arts. Throughout the program, students study their primary instrument/voice and participate in a variety of ensembles. In second year, students gain experience in composition, entrepreneurial skills, and integrated arts project work. (Code: 0965)

BUSINESS

Advertising and Marketing Communications 🄺 ✓
Enter the exciting world of advertising. Learn how to create ads and online content and prepare campaigns for real clients. This hands-on program offers a field placement and acutting-edge Apple computer labs to ensure students have the skills they need to work in advertising. (Code: 0263)

Business 🄺🅱🄲
Business students at St. Lawrence College become effective leaders and communicators, able to represent themselves and their work through interviews and resumes, networking opportunities, and presentations. Students apply problem solving, teamwork, and intercultural skills to projects at the college, in the community, and internationally, establishing themselves as global business citizens. (Code: 0295)

Business - Accounting 🄺🄲
This program studies business fundamentals with a focus on accounting and finance, including financial and cost accounting, taxation, and accounting software applications. (Code: 0259)

Business - Human Resources 🄺
Combine the study of business fundamentals, including accounting, finance, marketing, and communications, with a focus on human resources. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation (Code: 0264)

Business - Marketing 🄺 ✓
Create value for the marketplace through applied courses, including integrated marketing communications, brand management, business simulations, data analysis, personal selling, marketing research and entrepreneurship. Take part in Emotional Intelligence and WorkPlace Big Five assessments. Sharpen your skills and make important connections with the Professional Development Competition, Toastmasters, Sales

Competitions, Enactus SLC, industry certifications and hands-on learning with leading industry tools. A marketing placement will let you contribute to an organization and be career-ready. (Code: 0261)

Office Administration - Health Services 🄺🅱 ✓
In addition to studying general areas of office administration, students become familiar with medical terminology and the production of medical documents encountered in the health services field. Includes work placement. (Code: 0986)

Office Administration - Legal 🄺🅱 ✓
In addition to studying general areas of office administration, students become familiar with office procedures relating to the production of legal documents and specialized legal software programs. Includes work placement. (Code: 0621)

Office Administration - Legal/Health Services 🄺🅱 ✓
In addition to studying general areas of office administration, students gain specialized knowledge and skill in legal and health services office administration, preparing them to work in a variety of settings. Includes work placement. (Code: 0824)

COMPUTER AND ENGINEERING TECHNOLOGY

Computer Systems Technician 🄺🄲 ✓
Receive hands-on training in computer hardware, applied internet technology, software installation, scripting procedures, diagnostics, network installation, operating systems, maintenance, user support, and website development. Includes work placement. (Code: 0457)

Energy Systems Engineering Technician 🄺
Develop and implement projects for businesses and homeowners to realize energy savings in their buildings and understand systems specification, installations, and operations in the fields of renewable energy, and conventional heating, ventilation, air conditioning, air handling and control technologies. The program has two learning facilities: Energy House, an off-grid training facility, and RE Lab, a grid-connected laboratory. Both offer a selection of renewable energy and existing conventional heating systems for hands-on training opportunities. (Code: 1002)

Game - Programming 🄲 ✓
Bridge your passion for gaming and career goals and acquire game development skills with a solid foundation in software design methodology and programming. (Code: 0974)

Instrumentation and Control Engineering Technician 🄺
Gain skills in instrumentation, robotics, process control, programmable logic controllers, and more in this hands-on program, with a 2:1 ratio of lab hours to theory hours in core subjects. (Code: 0731)

Wind Turbine Technician 🄺
Gain in-depth knowledge and practical experience of the electrical and mechanical aspects of wind turbines, learn fibreglass repair techniques, and receive safety training for working at heights or confined spaces. Learn to install, carry out preventative maintenance, and diagnose and repair any faults, contributing to the on-going safe operation of wind turbines. (Code: 1046)

COMMUNITY SERVICES

Early Childhood Education 🄺🄲 ✓
Work with children (from birth to age 12) and their families in a variety of early childhood settings. Graduates understand human development and can use this to create responsive, inclusive, play-based learning environments to best support the child as they develop. Students receive 630-hours of practical experience in a variety of early learning environments during three field placements, starting in the first year of the program. This allows students to apply the skills taught in the classroom in real world learning experiences. (Code: 0302)

🄺 Kingston Campus 🅱 Brockville Campus 🄲 Cornwall Campus ✓ Work Placement

Mental Wellness and Addictions Worker Ⓑ ✓

Be prepared with specialized training in addictions and mental health. You will acquire the skills required by frontline professionals to deliver responsive and effective practice in the healthcare and social services field. You will gain an understanding of the complex needs of diverse client populations; nurture and expand your critical-thinking and problem-solving skills; and, recognize, understand, and apply a holistic model of client-centered care. The in-class hands-on approach to learning is key to student success, translating theory-to-practice during the field placement practicum. (Code: 0865)

HEALTH AND SCIENCE

Environmental Technician Ⓒ ✓
Students develop skills such as data collection and analysis and environmental assessment supported by two field courses and a four-week work placement. Students also benefit from a partnership with the St. Lawrence River Institute of Environmental Sciences, a globally-recognized centre for scientific research on the St. Lawrence River located on the Cornwall campus. (Code: 0964)

Fitness & Health Promotion Ⓚ ✓
Become a dynamic leader in the field of fitness health and promotion by studying exercise science, human relations, fitness, personal and professional development, health promotion, and business management. Gain 400 hours of practical experience in the work force from two work placements. (Code: 0442)

Health Information Management Ⓚ ✓
HIM professionals work with personal health records, capturing and encoding patient information, analyzing data, upholding patient privacy and preparing statistical reports for use in health care delivery, research, and education. (Code: 1008)

HOSPITALITY

Culinary Management Ⓚ
Aspiring professional chefs wanted! Achieve higher levels of employment in the culinary industry with culinary techniques, vegetarian and international cooking and bakery, business communications, management practices, nutrition, menu planning and development, and applied computer skills. (Code: 1003)

Hospitality Ⓚ ✓
Whether you dream of working abroad, or prefer to remain closer to home, the Hospitality Program will prepare you to launch a dynamic and rewarding career in the diverse and exciting Hospitality Industry. (Code: 0903)

Tourism Ⓚ ✓
Do you want to be a part of the fastest growing industry in the world? Study special events planning and management, casino operations, hospitality and tourism law, sport tourism, adventure and ecotourism, arts and cultural tourism, and historical tourism. (Code: 0879)

JUSTICE STUDIES

Community and Justice Services Ⓚ
Develop skills in problem solving, critical and creative thinking, and teamwork. You will be engaged in the process of creating and building safer communities by intervening with offenders, high-risk client groups, developing community programs and other initiatives that require measured and appropriate interventions. Field placements cover the entire range of correctional, social service, and educational agencies. (Code: 0335)

Law Clerk Ⓚ
Obtain a solid foundation in legal procedures and substantive law applicable to authorized areas of work for law clerks, who work independently under the general supervision of a lawyer. Emphasis is placed on property law, wills and estates, legal research and writing, and business law. Students become familiar with office procedures relating to the production of legal documents and specialized legal software programs. The program includes a four-week work placement. (Code: 0228)

Police Foundations Ⓚ Ⓑ Ⓒ
Study the Canadian criminal justice system, criminal and civil law, community mobilization and community policing, fitness and lifestyle management, sociology, psychology and more. (Code: 0817)

SKILLED TRADES

Electrical Engineering Technician Ⓚ ✓
Gain well-rounded practical and theoretical knowledge of many aspects of the electrical field. This program also covers all the curriculum learning outcomes for the trade of Construction and Maintenance Electrician and Industrial Electrician (Code: 1050)

Esthetician (38 Weeks) Ⓚ ✓
This 10-month program will teach you the latest treatments and techniques in the spa industry, including basic, advanced and medical esthetics. Gain valuable experience by practicing your skills at Dynamic Designs, the training salon on campus. You will be trained in Thai stem massage, bamboo massage, hot lava shell massage, lash lifting, lash extensions. In the last ten years, our students have won ten gold medals at the provincial skills competition. At the national skills competition they've won seven gold, two silver and one bronze. We also participated in two world competitions, in Brazil and Abu Dhabi. (Code: 0736)

Hairstyling (49 Weeks) Ⓚ Ⓑ ✓
Can you make the cut? Be career ready through this Fast-Tracked Diploma program completed in under 1 year. Students benefit from a combination of theory and practical, hands-on experience with clients in both the Dynamic Designs Training Salon and through experiential learning field placements. In addition, graduates gain a certificate of achievement for advanced design through the Toronto Redken Exchange. (Code:0503)

Mechanical Technician Ⓚ
Develop an industry-based mechanical/millwright skill set. Spend 50% of each week in a hands-on mechanical lab setting, using metal lathes, milling machines, surface grinders, Computer Numerical Control, Additive Manufacturing Technologies, power tools and welding-related machinery. Study a variety of technical subjects including lean manufacturing, AutoCad, technical math, communications and more. (Code: 0507)

Motive Power Technician Ⓒ
This program provides students with a specific range of technical training as well as a range of generic skills required for employment in this rapidly changing industry. Acquire hands-on experience through a variety of shop classes and a Technology and Business Practices course in which students work on vehicles in a simulated automotive shop setting. (Code: 1030)

Welding & Fabrication Technician Ⓒ
Study a variety of welding processes including Shielded Metal Arc Welding, Gas Metal Arc Welding, and Gas Tungsten Arc Welding. Program content also includes blueprint reading, safety and rigging, computer aided design, layout and fitting, and more. Students take a Computer-Aided Design (CAD) course and operate automated welding and cutting equipment giving them the opportunity to operate CAD equipment in an advanced fabricating shop. (Code: 1040/1063)

THREE-YEAR ADVANCED DIPLOMA PROGRAMS

APPLIED ARTS

Graphic Design **K** ✓
Become a visual communicator and creative problem solver. Learn how to make information visually appealing and meaningful by studying core design principles and their application to emerging technologies and interactive media applications. Apply real world learning experiences by working with external clients, producing a comprehensive design portfolio and completing a final capstone project and field placement. (Code: 0309)

Music Theatre - Performance **B**
Develop your skills as a music theatre performer by studying a combination of dance, music and acting. Students will perform in a variety of music theatre productions with industry guest artists to develop their professional skills. Courses include integration of skills, one on one mentoring and rehearsals for simulated professional experiences. (Code: 1012)

BUSINESS

Advertising and Marketing Communications Management **K** ✓
Study the full breadth of marketing communications including advertising planning, direct marketing, event planning, public relations, video-production, social media, web marketing, and more. This program offers two work placements and a wide range of experiential learning opportunities, designed to get grads job-ready. (Code: 0763)

Business Administration **C** ✓
Students gain a broad and in-depth knowledge of the key functional areas of business. Areas of study include entrepreneurship, international business, project management, business operations and supply chain management. In the final semester, students benefit from the practical experience gained during a work placement. (Code: 0293)

Business Administration - Accounting **K** **C** ✓
Obtain a well-rounded, career-ready background in accounting. Gain intensive experience in financial and cost accounting, corporate finance, auditing, and taxation. Become current in using job-related IT solutions, including Excel, tax software, and accounting software. The final year includes case-based learning from professional situations. A work placement in the final semester provides key practical experience to broaden your professional network. Numerous post-graduation opportunities are available for further education. (Code: 0659)

Business Administration - Marketing **K** ✓
Create value for the marketplace with marketing skills through applied courses, including integrated marketing communications, brand management, business simulations, data analysis, personal selling, marketing research and entrepreneurship. Take part in Emotional Intelligence and WorkPlace Big Five assessments. Sharpen your skills and make important connections with the Professional Development Competition, Toastmasters, Sales Competitions, Enactus SLC, industry certifications and hands-on learning with leading industry tools. Be career ready and contribute to an organization with a marketing placement. (Code: 0209)

Business Administration - Human Resources **K** ✓
In addition to business fundamentals, students gain extensive knowledge in human resources. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. Students gain practical experience during a work placement in the final semester. (Code: 0606)

Business Administration - Human Resources (Fast-Track) **K** ✓
This program provides training to those seeking employment in the human resources profession or to those currently working in the field who wish to upgrade their training and gain professional accreditation. Courses provide credits toward the Certified Human Resources Professional (CHRP) designation. Students gain practical experience during a work placement in the final semester. (Code: 0971)

COMMUNITY SERVICES

Child and Youth Care **K** **B** ✓
Learn to facilitate change in children, youth and young adults who are experiencing a range of social, emotional and/or behavioural challenges. Students gain practical experience during four field placements. (Code: 0301)

COMPUTER AND ENGINEERING TECHNOLOGY

Civil Engineering Technology **K** ✓
Civil engineering technologists are involved in everything we do from the planning, design, construction, maintenance, environmental management, land use planning, fluid and soil mechanics, steel structures, highway technology, and more. Includes a month-long field placement. (Code: 0104)

Computer Programming and Analysis **K** ✓
Gain skills in designing and writing computer programs, web development, client server, logic analysis, operating systems, object-oriented programming, online gaming, mobile computing— Android cell phones, Microsoft.net, and more. Our program offers mainframe training through a partnership with IBM's academic initiative program. Includes work placement. (Code: 0458)

Energy Systems Engineering Technology **K** ✓
Building on the skills developed during the first two years, graduates will assist developers, designers, architectural, construction, and sustainable energy companies to incorporate energy efficiency and renewable energy technologies into their projects and have an in-depth understanding of system design. Includes a 4-week placement. (Code: 1001)

Instrumentation and Control Engineering Technology **K** ✓
Building on the skill set of the Instrumentation and Control Technician, this program provides advanced knowledge in process control, robotic and automation systems, computer interfacing and communications, and power systems. Includes work placement. (Code: 0730)

HEALTH AND SCIENCE

Biotechnology Advanced **K** ✓
Gain expertise and practical training in all aspects of Biotechnology including molecular and microbiology, immunology, chemistry, fermentation and protein techniques, environmental remediation, food science, applied genetics, plant biotechnology, analytical instrumentation, and tissue culture. The final 14-week semester is dedicated to real-world learning via placement in a research or industrial setting. (Code: 0437)

FOUR-YEAR BACHELOR'S DEGREE PROGRAM

BUSINESS

Bachelor of Business Administration Ⓚ
(In collaboration with Laurentian University)
Earn a degree from Laurentian University at our Kingston campus. Acquire management fundamentals in the early years of the program and use an increasing proportion of electives in later years to customize the learning to support your aspirations. (Code: 1043)

POST-GRADUATE PROGRAMS

APPLIED ARTS

User Experience Design (2 semesters) Ⓚ
This program prepares you for the exciting career of user experience (UX) design. Consult with target audiences (users) to create technology, products and services that meet their needs, are functional and pleasurable to use, and meet the strategic objectives of businesses and organizations. UX design is a fast-growing field that encompasses many disciplines. Individuals studying UX come from a wide variety of backgrounds including: graphic design and interaction design, business, marketing, communication, psychology, and computer science. (Code: 1103)

BUSINESS

Business Analytics (3 semesters) Ⓚ ✓
Business Analytics - International Stream (4 semesters) Ⓚ ✓
Be prepared to work in the growing and dynamic field of business analytics. Learn the techniques and tools of analytical decision making and utilize these skills to drive competitiveness of an organization. Students will be exposed to generic analytics modeling as well as courses in the areas or marketing, operations, and business strategy. Students will also be introduced to machine learning and artificial intelligence concepts, and, how to use supervised and unsupervised learning techniques to solve real world problems through applied learning and a work placement. (Code: 0887/0847)

Digital Marketing Communications (2 semesters) Ⓚ ✓
This program focuses on strategy development, an area where there is a shortage of trained professionals. It will deepen your marketing communications knowledge and develop new skills in planning and implementing DMC campaigns. You will learn how to utilize digital tools to develop customer-focused marketing programs, as well as digital analytics to predict and measure the success of web, digital, social media, and CRM campaigns. Gain hands-on experience through a marketing agency model, solving challenges for real clients, followed by a six-week work placement. (Code: 1089)

Health Care Administration International (4 semesters) Ⓚ
This is a business program that provides post-secondary graduates with business and leadership fundamentals. It is geared toward international students who have previous education and work experience in health care who wish to develop their managerial and leadership skills. It is a program designed to transition students to learning in Canada, become familiar with the Canadian health care system, and make international students' career ready. Students receive a wide base of business skills in a health care context such as financial, communication, human resources, leadership, operations, and critical thinking. (Code: 0987)

Project Management (2 semesters) Ⓒ ✓
This program prepares graduates for a rewarding managerial career in Project Management, a highly sought discipline that involves the application of knowledge, skills and techniques to execute projects effectively and efficiently. Project managers are in high demand across all industries. As part of the tuition, all students are enrolled in the Project Management Institute (PMI) as student members to the Ottawa Valley Chapter. (Code 0897)

Supply Chain Management (2 semesters) Ⓒ ✓
This program builds on the student's previous education and work experience and introduces all facets of supply chain management and logistics from a theoretical and practical perspective. Students benefit from an integrated field placement during semester two. (Code: 0848)

COMMUNITY SERVICES

Autism & Behavioural Science (2 semesters) Ⓚ ✓
In this intensive, highly specialized program, students learn to use a variety of evidence-based approaches to develop skills of those with Autism Spectrum Disorder by reviewing relevant literature, developing intervention plans, implementing behaviour change programs, facilitating group programming, and more. Emphasis is on understanding Applied Behaviour Analysis and its use in the treatment of Autism Spectrum Disorder. Two field placements give students 350-hours of practical experience in this program. (Code: 1027)

Therapeutic Recreation (3 semesters) Ⓚ ✓
This program prepares students with specialized training to work within recreation, health, or social service delivery systems serving individuals of all ages and abilities. Acquire skills to complete client assessments, develop and evaluate programs, and use a variety of facilitative techniques to enhance health, improve functional ability, and increase individual's quality of life. The curriculum for this program is in alignment with the Therapeutic Recreation Ontario (TRO) Essential Competency Framework (ECF). (Code: 0988)

STUDY ENGLISH

English as a Second Language Pre-Academic (14 weeks per level) Ⓚ
Learn English language and develop speaking, listening, reading and writing skills, and study Canadian culture through field trips to culturally/historically significant sites. 2 levels – Pre-Intermediate and Intermediate. (Code: 0394)

General Arts and Science - English for Academic Purposes
(14 weeks per level) Ⓚ
Upgrade your English while earning credits toward your future academic program. Integrated curriculum and authentic materials to learn about global issues, intercultural communication and Canadian culture. 2 levels - Advanced and Advanced Plus (Code 0896)

St. Lawrence College is like Canada: it's a diverse group of students who are eager to learn and share their skills and passion. Each faculty and staff member help to teach and prepare students to be equipped with the necessary skills, techniques, and best practices to make them successful when they start to work in their chosen industry.

Yves Biscarra, The Philippines
Computer Systems Technician

STUDENT SUCCESS

INTERNATIONAL STUDENT SERVICES

St. Lawrence College has a dedicated group of staff members who speak many languages to help you adjust, succeed and make the most out of this experience. The international office staff takes a lot of pride in making your dreams of studying abroad come true and helping you become part of the SLC community.

We are so happy to be able to provide the following services to you as an international student:

• Orientation to St. Lawrence College and the city in which you study
• Assistance with transitioning to life in Canada
• Opportunities to practice and improve your English
• Housing information and assistance
• Information on study and work permit regulations as per Immigration, Refugees and Citizenship Canada (IRCC) guidelines
• Recreational and cultural events to help you get to know other students
• Referrals to services and agencies within and outside the college
• Assistance with understanding your international health insurance plan and making claims Liaison with Immigration, Refugees and Citizenship Canada (IRCC)
• Connections to services and agencies in the community

ASSISTANCE FINDING JOBS

SLC Career Services offers students a variety of in person and online resources, including resume and cover letter assistance, interview preparation and job search coaching. Utilizing labour market information and program knowledge, a Career Advisor works with you to discuss your career goals and a plan to get you there. Our job board has hundreds of job opportunities and we can help you create a profile so the latest job opportunities are sent directly to your email. SLC Career Services arranges on-campus activities to promote career opportunities with employers. Through employer panels, classroom visits, and job fairs, we are committed to assisting students to connect with employers and follow their career path.

UNIVERSITY PATHWAYS

St. Lawrence College has partnerships with educational institutions around the corner, and the world, allowing you to continue your studies in Canada or to study abroad and gain valuable knowledge and a global experience.

STUDENT SUCCESS FACILITATORS

Available on our three campuses, Student Success Facilitators can connect you to college resources, provide learning and study strategies and assist you with obtaining a peer tutor for complex courses.

PEER TUTORING

Peer tutors provide practice and review of course material to help students enhance their understanding of the course content. Peer tutoring is available for courses in most programs and is a free service for all full-time students.

ACADEMIC SUPPORT CENTRE

If you want to improve/enhance your writing, math or science skills, we are here to help. Students whose first language is not English can access tutors in the Academic Support Centre in order to develop and improve their written, oral, and comprehension skills. The Academic Support Centre is a free service available for one-on-one or group tutoring sessions, on a drop-in basis or by appointment.

LIBRARIES

The three campus libraries provide extensive online and print materials, information services and study/work space. Experienced staff are available in each library to help you find the information you need to complete your assignments or to explore other research interests.

STUDENT WELLNESS & ACCESSIBILITY

While the college experience can be exciting, Counselling Services understands that it can also be stressful. If you find yourself overwhelmed with academic, personal or financial concerns, our counsellors are here to assist you. Confidential personal counselling is available to all St. Lawrence College students.

ON-CAMPUS RESIDENCE

Enjoy the convenience of being on campus and the friendships that form when you live in residence. For students who are away from home, sometimes for the first time, living in residence is a great way to begin your college experience.

All of our residences have fully furnished single- or double-occupancy suites, common areas for group study and social activities, and accessible suites available for students with disabilities. With easy access to public transit, on-site laundry facilities, access to college computer labs, library, dining services and meal plans, residence has what you need in one comfortable, secure location.

Apply for a spot in residence at SLCinternational.ca/residence after you accept your offer to SLC.

KINGSTON
• 600 single- and double-occupancy rooms with ensuite bathrooms.

BROCKVILLE
• 29 double-occupancy rooms (59 beds) with ensuite bathrooms.

CORNWALL
• 44 single-occupancy rooms with private entrance and shared bathroom with adjoining room.

HOMESTAY

Homestay is both economical and a fun way for students to be introduced to Canada. Students live in a family environment and interact with local homeowners to learn more about Canadian culture and the lifestyle. There is a minimum commitment of one semester to the homestay program. There is a one-time placement fee of CAD $250, and a daily charge of CAD $30*. This amount includes a fully furnished private room, 3 meals per day, internet, laundry facilities and use of the home. Our homestay families are checked in advance and regularly monitored.
Prices subject to change

OFF-CAMPUS HOUSING

Students can choose to live off-campus, sharing rooms with their friends or living on their own. Check the student government on each campus to find a list of off-campus housing options.

FOOD SERVICES

Full-service cafeterias offer convenient, healthy food choices for students. Meal plans offer saving of 13% sales tax on most purchases at

Being away from home can be a bit overwhelming. It's natural. We can help with that adjustment period and connect you to **support services** so you **thrive** in your new home.

campus food facilities.

SOCIAL: FITNESS & RECREATION

There are many student life events that provide fun social activities outside the classroom that will enhance your student experience. Throughout the academic year, various recreation events and drop-in activities are held at each campus. They include staff vs. student games, Super Sports Saturday, paintball trips, Student Appreciation Week, Spirit Day, and dance classes. You will find plenty of dedicated space to meet with friends, and connect with classmates at:

• Student-led events and special interest clubs
• Licensed pubs on each campus
• Innovation and collaboration spaces

HEALTH AND WELLNESS

KINGSTON CAMPUS
Health care appointments available on campus with a physician or nurse.

BROCKVILLE CAMPUS
Access a nurse practitioner through the community family health team by appointment.

CORNWALL CAMPUS
Medical care available on campus by appointment.

STUDENT GOVERNMENT

Student governments on each campus offer a comfortable space to relax and enjoy time with friends. They also provide support and extracurricular activities (both on and off campus) for students during their time at SLC

CAREER SERVICES

Connect with employers in your chosen career path. Career Services offers a range of free resources including:

• Resume and cover letter assistance
• Interview preparation
• Job search coaching
• Individualized career coaching
• On-campus job fairs with local and regional employers
• Job Board with hundreds of opportunities in Eastern Ontario
• Interview Stream: Online job interview preparation tool
